

COLLIERS INTERNATIONAL *Hotels & Leisure, Asia & Australia*

COLLIERS INTERNATIONAL HOTELS & LEISURE offers services throughout Asia Pacific. We advise on all types of hospitality properties, providing a broad cross-section of feasibility and advisory services, consultancy management and hotel brokerage.

The Hotels & Leisure teams in Asia and Australia have an exceptional record in undertaking major feasibility and consultancy appointments in relation to major projects and development sites. Brokerage services cover individual and portfolio properties, development sites or partially completed buildings, whilst consultancy management includes identifying suitable operators and advising on the terms of management contracts.

The teams also have substantial international experience and an in-depth understanding of hotel operations and the markets across major hospitality asset classes. Such assets include hotels, resorts, heritage properties, mixed-use complexes, golf courses, spas, clubs, casinos and entertainment venues in single or multiple locations, including Greater China, Thailand, Vietnam, Australia and New Zealand.

The allocation of the most appropriate skilled resources to the assignments of the individual clients, both professionally and strategically are essential. Similarly, confidentiality is strictly enforced throughout the teams, and when required, project teams will maintain total confidentiality from other Colliers staff members.
